ARTIST BIOGRAPHY

Thrush Byron Keats Holmes — his middle names drawn from the great Romantic poets — is a Toronto-based self-taught painter who has built one of the most distinctive and commercially recognised practices in contemporary Canadian art. Holmes entered the Toronto art scene with an immediate impact, opening the Thrush Holmes Empire on Queen West in 2007 and achieving overnight success. His work is held in the collections of Elton John's AIDS Foundation, Sony Music, DreamWorks Studios, and Def Jam Records. He has had solo exhibitions at PULSE Miami and the Mike Weiss Gallery in New York, and public installations at Galleria in the Park (Toronto) and Cleveland Cavaliers headquarters. Holmes works across oil, spray paint, neon, resin, and mixed media, combining traditional motifs — vases, nudes, landscapes — with a punk-inflected energy and glowing neon integration that is entirely his own.

ARTWORK DESCRIPTION

Pink Vase places Holmes's signature vase motif in a key of warmth and chromatic optimism — the pink palette working against the genre's traditional sobriety to produce something simultaneously familiar and subversive. Holmes's treatment of the still-life as a vehicle for emotional and material experimentation is at its most direct here, the subject's simplicity allowing the paint's energy to dominate. The 48 x 60 inch format is ideal for significant residential and hospitality settings, commanding the wall without overwhelming the space.

Estimated Gallery Value: \$18,000 – \$22,000 USD

CURATORIAL NOTES

Pink Vase contributes a significant Holmes canvas to the collection. Holmes's vase series is among his most critically and commercially validated bodies of work — the subject providing a consistent through-line that collectors use to trace his development across scale, medium, and energy.
